

## Flea the Scene Ingredients

### Water

**Polysorbate 20** Derived from Coconut oil and used to dissolve essential oils into water, without the use of alcohol

**Triticum Vulgare (Wheat) Germ Oil** Natural insect repellent. Contains vitamin E, some B vitamins, zinc and some minerals.

**Linum Usitatissimum Flaxseed Oil** Helpful in clearing up skin conditions, relieving arthritic and inflammatory pain, as well as improving overall pet health. Improves the silkiness and sheen of dogs coats.

**Tarchonanthus Camphoratus (Leleshwa) Oil**, splendid insect repellent, its aroma works well to drive away insects and mosquitoes.

**Sweet Orange Essential Oil (Citrus sinensis)** excellent for dry and sun damaged or mature skin types, Orange Oil also relieves the irritation of eczema

**Mentha Piperita (Peppermint) Oil**, while unusually fragrant to humans, acts as a repellent to most insects, especially mosquitoes and fleas.

**Citric Acid Organic acid** found in fruits. An excellent all natural preservative

**Melaleuca Alternifolia Tea Tree Oil** Relieves pain, disinfectant; healing to the skin, soothes insect bites

**Eucalyptus Globulus (Eucalyptus) Leaf Oil**, A 2006 study found that 40% oil of lemon eucalyptus was just as effective in repelling mosquitoes as products containing high concentrations of the artificial pesticide

**DEET Titanium Dioxide mineral** used as a natural sunscreen and to help brighten the coat.

**Olibanum (Boswellia Serrata) Gum** Also known as Indian Frankincense or Soothex, reduces inflammations, reddening and is perfect for dogs with sensitive skin.

**Extracts of : Aloe Barbadensis Leaf** Brings immediate cooling relief to fleabites and helps reduce itching.

**Aloe** contains minerals, proteins and enzymes that help soften the coat and soothe skin.

**Calendula Officinalis Flower** Herb that brings quick, soothing relief to pain and swelling from insect bites and minor cuts while lending wound-healing antimicrobial properties.

**Althaea Officinalis Root** Has been used since ancient times as an anti inflammatory to soothe and heal surface irritations to the skin.

**Comfrey (Symphytum Officinale) Herb** that treats flea and other insect bites, burns, skin ulcerations, abrasions and just about any other irritation.

**Arctium Lappa Root (Burdock)** Helps treat flaky or inflammatory skin disorders such as psoriasis or eczema .

**Boswellia Carteri Plant Extract** Prepared from aromatic hardened gum resins obtained by tapping Boswellia trees.

**Potassium Sorbate** a polyunsaturated fatty acid salt used to inhibit growth of microbes and mold.

**Sodium Benzoate** an FDA-approved, polyunsaturated fat that is used to inhibit microbial growth.
